

Dear Friends,

A Mom's Peace is celebrating a very special anniversary this week.

One year ago on April 29, 2020 we introduced an online space to honor and remember our children lost in miscarriage and stillbirth:

### **The Garden of Remembrance**

Collectively, we have dedicated nearly 400 flowers in memory of our precious little ones. It truly has been an honor to watch [The Garden](#) bloom and I invite you to share with others who have lost a child before birth.

Each baby remembered in The Garden is unique. Some left us very recently and others only seem like yesterday. We even have dedications dating back to the 1930's and 1940's. Some have an eternal resting place and some do not.

**What they all share in common is their sacred existence - however brief on earth - and our community is blessed by each one remembered by name in this special garden.**

We give thanks to God that The Garden of Remembrance has helped provide consolation and closure, especially to families who otherwise may not have obtained it, and we ask His continued blessing on all of us who celebrate life while grieving loss.

In His Service, Kara

Kara Palladino, Obl.S.B.
